Total		**108.92**	**33.35**	**$1,267.13**	**100.0%**	**24.7%**

This report shows similar figures to Daily System Sales Detail w/Labor and the Labor Period Report but will not reconcile exactly with them. It groups by job where they group by job category; it applies the overtime premium where they do not, so it reads higher on any range containing overtime; and it counts hours from deleted jobs under "Unknown", which they have no row for.
